H-GEL 1L

Antiseptic hydro-alcoholic gel for healthy skin

DESCRIPTION

H-GEL is a hand sanitizer gel for daily use. It guarantees perfect hand hygiene without the need for soap or water at any time of the day.

Put just a small amount of gel in the palm of your hand and rub lightly until it evaporates. Leaves hands clean and soft.

Authorized by the General Directorate of Public Health of the Ministry of Health.

Formula within the parameters recommended by the O.M.S. (World Health Organization)

Contains 70% alcohol by volume.

HOW TO USE

Apply the gel with dry hands. Do not wash your hands after use.

Not intended for use on people sensitive to its components. Only use on healthy skin.

Follow the instructions for use.

FORMAT

1 litre containers with dispenser

Boxes of 12 units.

Complete pallets of 40 boxes.

Warnings

The suggestions and recommendations on the use of our products respond to our best knowledge and understanding at the time of writing this technical sheet. We are not responsible for any possible negligence in its handling. Compliance with all legal provisions, including those existing regarding the protection of industrial property, is exclusively the responsibility of the users of our products.
