# DESCAN

## Concentrated pipe unblocker.

### DESCRIPTION

DESCAN is a highly concentrated liquid unclogging product that works chemically on organic matter dissolving them completely, without damaging any kind of plumbing material (except reactive metals, aluminum, antimony, etc.)

### HOW TO USE

Pour the DESCAN slowly down the drains, leaving it to act for 15/30 minutes before adding water. Cover with a bucket to protect from any possible drain eruption. In case of doubt in its application, consult the manufacturer. Never add water to the product in the container, as it would produce a violent reaction. Do not stand over the drain when pouring the product. Do not pour it into hot water. Do not leave it on porcelain surfaces.

### APPLICATION

DESCAN works by dissolving and turning any kind of lorganic matter into liquid such as paper, food scraps, rags, cigarette filters, compresses, cellulose, fat accumulations, including human hair. The product should be used directly on the drains.

### FORMAT

1 litre bottle.  
12 bottle box  
Complete pallet of 32 units
